PROMOTION QUALIFICATIONS

To advance in rank within the organization, Ambassadors must satisfy two specific requirements: **(Personal Volume / Team Volume)**

Personal Volume (PV)

Personal Volume (PV) is the amount of commissionable volume that includes the agent's personal membership fee and the monthly membership fees of their personally sponsored customers and recruited Ambassadors.

However, enrollment fees and back-office fees are not included in personal volume.

Team Volume (TV)

Team Volume (TV) is the sum of membership fees compiled from the Ambassador's Personal Volume and the Ambassador's downline team membership fees. Personal and Team Volume requirements must be met to qualify for rank advancement.

AGENT OVERRIDE LEVELS

With each rank advancement, a new Agent Override Level is unlocked. This means they can earn a percentage of the monthly membership fees made by their downline team members in addition to their personal sales. As members advance in rank and gain access to higher commissionable override levels, they significantly increase earning potential.

HOW LEVELS ARE ESTABLISHED

New levels are established when an Ambassador from one level recruits another Ambassador, thereby creating a new level. These override levels may become commissionable and can be compensated up to ten levels deep, contingent upon volume requirements.
